

ADD ANIMATIONS & MUSIC TO YOUR E-MAIL

To add an animation to your e-mail:

Go to Insert, Picture and browse to the place where your animations are saved (desktop folder or floppy disk). Choose one and say OK to insert.

To add music to your e-mail:

Go to Format, Background, Sound and browse to where your music is saved (desktop folder or floppy disk),
Choose one and say OK and choose either play once or continuously.

To make a folder on the desktop to save your animations and music:

Right click on a blank spot on the desktop and choose New, Folder. Give it a name like "Music" or "Animations".

To save an animation:

Right click on the animation and say "Save picture as".
Save it to the animation folder on the desktop after you give it a name.

To save a song:

Right click on the song title and say, "Save target as".
Save it to the Songs folder after you give it a name.
